

THE MAKER OF JUICE PLUS+®

---

April 2, 2013

To Whom it May Concern,

All ingredients used in Juice Plus+® test GMO-free

PCR (Polymerase Chain Reaction) testing is the most sensitive method used to detect the presence of Genetically-modified Organisms, and Juice Plus+® specifies all ingredients we use to test PCR-negative.

Sincerely,

A handwritten signature in black ink that reads 'C. Madero'. The signature is written in a cursive style with a large initial 'C' and a long horizontal stroke at the end.
